Līnija Series

## Līnija Series

The Linija Series is a sophisticated and more durable alternative to LED tape. This is a great option where visible as it has a soft and uniformed luminance with no light spot, and seamless connections.

- DC24V
- CRI>80
- Cree chip 2835
- 3 Step MacAdam Ellipse
- Size (mm) 18 x 16
- Working Temperature -20 ~ 50°C
- IP20
- 2 year warranty
- Up to 20m per Driver
